

RESEARCH PARTICIPANTS NEEDED

European Clinical Leaders in breast cancer screening are needed to participate in a research study focusing on **Optimisation of Breast Cancer Screening for Women having Dense Breasts**

Participation involves online interviews of approximately 1 hour

Requirements:

- Participants need to be clinical directors, consultant radiologists or consultant radiographers managing a breast cancer screening unit operating within a European country
- English speaking

Appointments can be scheduled at any time, according to your availability

Ethical approval for research study obtained from the University of Salford
